

Georgia Chapter of the American Fisheries Society

Sponsorship Form

Annual Meeting February 1 – 3, 2022

Villas by the Sea, Jekyll Island, GA

Fisheries professionals and students in Georgia have been meeting annually for more than 50 years to share current research ideas and learn about the latest and greatest advancements in fisheries science, research, and management. The Georgia Chapter of the American Fisheries Society (GA AFS) is an organization of fisheries professionals, educators, and students who are committed to the conservation and sustainability of our fishery resources and aquatic ecosystems in one of the most biologically diverse regions of our nation.

As a non-profit, we are thankful for our sponsors because the money raised allows us to support aquatic education outreach programs for children in Georgia, fish habitat restoration projects around our state, and we are able to subsidize annual meeting expenses for students and professionals who participate in our annual meeting. Our Chapter is able to subsidize meeting expenses for more than 30 student members from around the state of Georgia so they are able to attend our annual meeting before they graduate.

Sponsorship Levels: See our website for information about each of our sponsorship levels which range from \$50 to \$1000. www.gaafs.org. Some sponsorship levels include table space and free advertising space in our monthly newsletter.

In exchange for your support, your organization's name and/or logo will appear in the meeting program and your organization's name will appear on our website, in our monthly newsletter, on our Facebook group page, and our Twitter and Instagram accounts.

On behalf of the Georgia Chapter of the American Fisheries Society – thank you for your support.
